RocYork | Herline Hinge

Product Datasheet

Description

Specially designed and manufactured to partner with EzyJamb® door frames.
The RocYork® Herline Hinge is surface mounted for easy installation and quick on-site process.

High-grade stainless steel composition and rigorous testing combine to deliver a design capable of withstanding heavy traffic flow. The hinge is maintenance-free and suited to both residential and commercial application.

Available in Stainless Steel, Black, and White finishes to suit varying interior colour palettes.

Features

- Designed to pair with the EzyJamb® Classic Adjust (EZC) and Single Rebate (SRC) profiles.
- Surface mounted installation saves time and labour
- Designed and tested for long-term maintenance-free function
- Suited to residential and commercial interior spaces
